ACKNOWLEDGEMENT

I am using this opportunity to express my gratitude to everyone who supported me throughout the Internship Program. I am thankful for their aspiring guidance, invaluable constructive criticism and friendly advice during this work. I am sincerely grateful to them for sharing their truthful and illuminating views on a number of issues related to this work.

I would like to thank the **Mr. Daiwik Kandpal, Founder & CEO of IGCSE Mark**, for providing me the opportunity and the structured platform to learn and gain hands-on exposure in the domain of **Social Media Marketing Intern**. I am also thankful to my institute, IILM University, Greater Noida, and the faculty of the School of Computer Science and Engineering for their continuous support and encouragement.

I express my gratitude to my parents for their blessings.

IGCSEMark
AUTOMATED GRADING

28 July 2026

Prince Aditya
IILM University, Greater Noida

Subject: Offer of Internship — Social Media Marketing Intern

Dear Prince,

We are pleased to offer you the position of **Social Media Marketing Intern** at IGCSE Mark. We were impressed with your enthusiasm and believe you will be a valuable addition to our team during this internship.

Terms of the Internship

Position	Social Media Marketing Intern
Duration	1 August 2026 – 29 August 2026 (1 month)
Reporting To	Daiwik Kandpal, Founder & CEO, IGCSE Mark
Work Mode	Remote
Stipend	INR 1,500, payable on successful completion of the internship

Key Responsibilities

- Assist in planning and creating content for IGCSE Mark's social media channels
- Edit and produce Instagram Reels with polished, well-paced transitions
- Support execution of marketing campaigns and growth initiatives
- Contribute to brand strategy and audience engagement efforts
- Coordinate with the founder on day-to-day marketing tasks

This offer is contingent upon your continued enrollment as a student and your acceptance of the terms outlined above. We look forward to working with you and are confident this internship will be a rewarding experience.

Warm regards,

Daiwik Kandpal
Founder & CEO, IGCSE Mark

4. PROJECT DESCRIPTION

4.1 Introduction

This report presents a detailed account of the one-month internship undertaken at **IGCSE Mark** in the domain of **Social Media Marketing**. The internship was carried out from **1 August 2026 to 29 August 2026** as part of the requirements of the Bachelor of Technology in Computer Science and Engineering programme at IILM University, Greater Noida. The internship was conducted in a remote mode under the guidance of **Mr. Daiwik Kandpal, Founder & CEO of IGCSE Mark**.

The primary purpose of the internship was to gain practical exposure to social media marketing and understand how digital content can be used to promote an educational technology product. The internship involved activities related to content planning, creation and editing of Instagram Reels, marketing campaigns, brand promotion, audience engagement, and coordination on day-to-day marketing activities.

During the internship, I worked on developing social media content designed to communicate the features and benefits of IGCSE Mark in a simple, attractive, and engaging manner. A major part of the work involved creating promotional Reels that highlighted the website, its automated grading capabilities, progress tracking features, past-paper practice, and other aspects of the platform.

The internship provided an opportunity to understand how creative content and marketing strategies can be combined to increase awareness of a digital product. It also helped me develop practical skills in video editing, content planning, communication, creativity, audience-focused messaging, and social media promotion.

The internship completion certificate issued by IGCSE Mark recognizes my contribution to **content strategy, social media growth, and brand marketing initiatives** during the internship period.

4.2 Organization Profile – IGCSE Mark

IGCSE Mark is an educational technology platform focused on **automated grading** for IGCSE students. The platform is designed to support students in their examination preparation by providing a digital environment for practicing papers and receiving feedback on their performance.

The internship offer letter identifies IGCSEMark as the organization where I worked as a **Social Media Marketing Intern**. The organization provided me with practical exposure to social media content creation, marketing campaigns, audience engagement, and brand strategy.

The platform's digital nature makes social media an important channel for communicating its features to students and potential users. Therefore, the internship focused on creating content that could clearly demonstrate the value of the platform while maintaining an engaging and visually appealing presentation.

The content created during the internship was primarily focused on promoting the platform and communicating its functionality through short-form video content. This included promotional concepts, website demonstrations, feature-focused content, and visually engaging transitions.

4.3 Problem Statement

In the current digital environment, simply having a useful website or educational platform is not sufficient to reach its target audience. Students are exposed to a large amount of online content every day, which makes it important for educational platforms to communicate their value quickly and effectively.

For an educational platform such as IGCSE Mark, one of the challenges is to present its features in a manner that is easy for students to understand while also being visually attractive enough to capture their attention on social media.

The problem addressed during the internship was therefore to **create engaging social media content that promotes IGCSE Mark, communicates its functionality, builds brand awareness, and encourages students to explore and use the platform.**

The internship focused particularly on short-form video content such as Instagram Reels, where the first few seconds, visual transitions, concise messaging, and clear calls to action play an important role in attracting audience attention.

4.4 Project Objectives

1. To understand the fundamentals of **social media marketing** in a real-world organizational environment.
2. To gain practical experience in planning and creating social media content for Xan educational technology brand.
3. To create and edit **Instagram Reels** with polished and well-paced transitions.
4. To understand how product features can be converted into simple and engaging marketing content.
5. To promote the IGCSE Mark website through creative and informative social media content.
6. To contribute to the organization's **content strategy and brand marketing initiatives**.
7. To support social media growth and audience engagement through relevant content.
8. To develop creative approaches for presenting the platform without making the content repetitive.
9. To understand how promotional offers and marketing campaigns can be communicated through short-form video.
10. To improve practical skills in video editing, content planning, communication, creativity, and digital marketing.
11. To coordinate with the founder regarding content ideas, revisions, and day-to-day marketing requirements.
12. To gain practical experience in converting marketing ideas into final social media content.

These objectives are aligned with the responsibilities stated in the internship offer letter, which included planning and creating social media content, producing Instagram Reels, supporting marketing campaigns, contributing to brand strategy and audience engagement, and coordinating with the founder.

4.5 Scope of the Project

The scope of this internship covered the **social media marketing and digital promotion activities of IGCSE Mark**.

The primary focus was on developing short-form social media content to promote the organization's educational technology platform. The project included understanding the product, identifying important features that could be communicated through social media, developing creative concepts, editing video content, and refining content based on feedback.

The major areas covered during the internship were:

- 1. Social Media Content Creation**
- 2. Instagram Reel Production**
- 3. Website Promotion**
- 4. Product Feature Promotion**
- 5. Brand Marketing**
- 6. Marketing Campaigns**
- 7. Audience Engagement**
- 8. Content Strategy**

The scope of the internship was primarily focused on **social media marketing and content production** and did not include software development or direct modification of the underlying IGCSE Mark platform.

4.6 Technologies and Tools Used

The internship involved the use of digital content creation and communication tools. The major tools and technologies used or relevant to the internship work included:

- 1. Video Editing Software**
- 2. Screen Recording**
- 3. Instagram**
- 4. Canva**
- 5. WhatsApp**
- 6. Website Interface**

7. Video Editing Techniques

The internship offers specifically required the editing and production of Instagram Reels with **polished, well-paced transitions**, making video editing an important component of the internship.

SOCIAL MEDIA MARKETING WORKFLOW

The social media marketing workflow followed during the internship can be represented as a sequence of stages:

Product Understanding

Content Idea Generation

Content Planning

Script / Concept Development

Collection of Website Screens / Clips

Video Editing

Transitions & Text Overlays

Review & Feedback

Revisions

Final Reel

Social Media Promotion

1. Product Understanding

The first step was to understand the IGCSE Mark platform and identify features that could be communicated through social media.

2. Content Idea Generation

Different ideas were developed to present the platform in creative ways instead of repeatedly using the same promotional format.

3. Content Planning

The concept, hook, sequence, visuals, text, and final call to action were planned before editing.

4. Script Development

Short scripts and on-screen text were prepared to communicate the main message quickly.

5. Visual Collection

Website screen recordings, interface shots, and other relevant clips were collected for use in the Reel.

6. Editing

The collected footage was arranged using cuts, transitions, timing, text overlays, and visual effects.

7. Review and Feedback

The content was shared for review and feedback. Changes were made based on the requirements and suggestions received.

8. Final Content

After revisions, the final video was prepared as a social media promotional asset. This workflow helped maintain a structured approach to social media content creation.

4.8 Methodology

The final stage focused on promotional campaigns and creating varied content formats.

Activities included:

- Developing promotional Reel concepts.
- Creating content around special offers.
- Communicating discount information.
- Creating stronger calls to action.
- Developing visually different promotional formats.
- Reviewing previous content to avoid repetition.
- Refining final videos based on feedback.
- Supporting brand marketing and social media growth activities.

Week 1 – Introduction & Content Understanding

- Understood IGCSE Mark, its purpose, and target audience.
- Reviewed social media requirements and website features.
- Brainstormed and planned initial promotional content.

- Understood the desired style and quality of Instagram Reels.

Week 2 – Promotional Content & Reel Creation

- Developed Reel concepts, scripts, and on-screen text.
- Planned visual sequences and edited promotional videos.
- Used transitions and pacing to improve engagement.
- Highlighted key website features and incorporated feedback.

Week 3 – Product Demonstration & Feature Content

- Created content showcasing past-paper practice and answer submission.
- Highlighted automated marking, score generation, and performance tracking.
- Showcased progress, average scores, and saved paper history.
- Focused on demonstrating how the platform works rather than simply describing it.

Week 4 – Marketing Campaigns & Final Content

- Developed promotional Reel concepts and special-offer content.
- Created stronger calls to action and varied visual formats.
- Refined content based on feedback and avoided repetition.
- Supported **content strategy, social media growth, and brand marketing initiatives.**

Week	Module	Description
1	Product & Content Understanding	Understanding IGCSE Mark, audience, features and content requirements
2	Reel Production	Concept development, scripting, editing and transitions
3	Product Demonstration	Website demonstrations, AI marking and performance-related content
4	Marketing & Promotion	Promotional campaigns, offers, CTAs and final content

4.9 EXPECTED OUTCOMES

The internship was expected to provide practical exposure to social media marketing and digital content creation. The major outcomes of the internship include:

1. Practical Social Media Marketing Experience

The internship provided hands-on exposure to the process of planning and creating social media content for a real organization.

2. Improved Video Editing Skills

Working on Instagram Reels helped improve skills related to transitions, pacing, cuts, text overlays, screen recordings, and visual storytelling.

3. Content Strategy Understanding

The internship helped develop an understanding of how different content formats can be used to promote the same product without making the communication repetitive.

4. Product Marketing Experience

The internship provided experience in converting website features into simple and understandable promotional messages.

5. Brand Awareness

The content creation activities contributed to the digital promotion and brand marketing efforts of IGCSEMark.

6. Audience-Focused Communication

Creating short-form content helped develop the ability to communicate information quickly and clearly to a specific audience.

7. Creative Thinking

Developing different Reel concepts encouraged experimentation with hooks, transitions, visual sequences, and promotional approaches.

8. Professional Communication

Regular coordination and feedback helped improve professional communication and the ability to understand and implement content requirements.

9. Marketing Campaign Exposure

The internship provided exposure to promotional campaigns and the communication of special offers through social media content.

10. Overall Professional Development

The internship helped bridge the gap between academic learning and practical work by providing experience in a professional digital marketing environment.

4.10 CERTIFICATES OF COMPLETION AND COMMUNICATION PROOF

The offer letter issued by IGCSE Mark confirms the appointment of **Prince Aditya**, as a **Social Media Marketing Intern** for the period **1 August 2026 to 29 August 2026**.

The letter also identifies **Daiwik Kandpal, Founder & CEO, IGCSE Mark**, as the reporting authority and specifies the responsibilities associated with the internship. These responsibilities included social media content creation, Instagram Reel production, marketing campaigns, brand strategy, audience engagement, and coordination with the founder.
